JAI Commencement Ceremony 2021 Was Grandly Held

On the 25th of June, the 2021 Commencement Ceremony of Jilin Animation Institute were grandly held. The 2,784 graduates completed their studies and opened a more splendid new chapter in their lives with dreams and passion!

Every graduation season is a "Goodbye to our Youth", which is heartbreaking; every parting is for "Unexpected Encounters with a Better Ourselves in the Future", which is exciting. When the President Zheng Ligu and the deans of our Institute awarded the degree certificates to the graduates who obtained the bachelor's degree, the representatives of the graduates from each school stepped on the stage one by one. They came to the President solemnly and excitedly and shook hands, and hugged with the President. The President Zheng Ligu sent blessings to every student, like an elder kindly bid farewell to his children.

The whole ceremony started in the chorus of the school theme song "Animation World" and ended in the performance of the show "The Sea of Stars". All the graduates present were showing their sadness, and it was hard to conceal their reluctance to leave their beloved school. May the students of JAI fly high and fly towards the future, use youth as oars, dream as a sail, and let the light of youth illuminate the road of forge ahead; Love is boundless.

“Master’s Short-term Workshop-Super Short Comics Creation” Came to A Successful End

For deepening the school characteristics of the integration of education, research and industry as well as further broaden student's horizon of School of Comic and improve professional knowledge, we specially invited Mr. Lu, Tun-Ching, an expert in comics editing and directing, to JAI for the courses of "super short comics creation" workshop, to set up a platform for close contact and learning with comic masters.

Through the techniques of direct-view lens and editing learned in the workshop, students understood how to use the layout of comic shots, so as to guide readers to feel the empathy in the plot of comic characters constructed by the author; Understood how to follow the emotional fluctuation of the comics writer and fall in love with the creation. The workshop made the students prepared to participate in international competitions and bring introduction of Chinese comics to the world so that show the new generation of Chinese cartoonists with the characteristics of Chinese comics to the international comic stage.
